

<b>Sprint Plan, Iteration #6</b>					
<b>Group: goto fail;</b>					
<b>Context project: MM</b>					
User Story	Task	Responsible for task	Task Assigned To	Estimated Effort per Person (h)	Priority (A-E) (A is highest)
<b>User story: meeting/demo</b>					
As a user, I wish to see a good working demo for the meeting at the end of this sprint.	<b>Meeting</b> - Prepare all-round demo - Prepare script creator demo - Prepare web-app demo - Prepare camera control demo	Menno Menno Mark Bart Martijn	 Menno Mark Bart Martijn	 2 2 2 2	 A B B B
<b>User story: improve scripting application</b>					
As a user, I wish to see the ability to recall/reuse shots, and more easily add information to shots.	<b>Scripting application</b> - More information per shots: select instruments, etc, depening on feedback. - Fix issues concerning loading director shots and linking them. - Add copy-paste functionality to shots - Functional delete/backspace key - Additional controller testing	Menno Mark Menno Menno Menno Martijn	 Mark, Menno Menno Menno Menno, Alex Mark, Menno, Alex	 4 5 5 2 10	 B C B E D
<b>User story: web-app styling</b>					
As a user, I wish to see an improved and more well-rounded styling for the web-app.	<b>Timeline view application</b> - Block styling (fonts, colors, layout) - Grid styling (colors, layout) - Header styling (fonts, colors, layout) - Start screen styling (fonts, colors, layout)	Mark Mark Mark Mark Mark	 Mark, Martijn Mark, Martijn Mark, Martijn Mark, Martijn	 2 1 1 4	 C C C D
<b>User story: web-app live updating</b>					
As a user, I wish to see data propagate between applications, visible in the web-app.	<b>Timeline view application</b> - Live updating of count between different web-apps (automatic scrolling)	Alex Alex	 Alex, Martijn, Bart	 8	 A
<b>User story: web-app users</b>					
As a user, I wish to be able to differentiate between users in the web-app.	<b>Timeline view application</b> - Ability to select between users: director/operator/counter etc. - Ability to store select timelines per user (instead of selecting them) - Ability to set/store preferences per user, if necessary	Bart Bart Bart Bart	 Bart, Alex Bart, Alex Bart	 6 2 4	 C D D
<b>User story: camera preset interface</b>					
As a user, I wish to be able to store and recall and link camera presets to shots in a nice interface.	<b>Camera preset application</b> - Basic application and GUI, detached from timeline view.	Martijn Martijn	 Martijn, Bart, Alex	 8	 B
<b>User story: improvement to ip-cameras</b>					
As a user, I wish to be able to differentiate between the different IP cameras for my shots	<b>Webserver</b> - Let webserver differentiate between different IP's and IP-cameras.	Martijn Martijn	 Martijn, Menno, Alex	 6	 B
<b>User story: feedback</b>					
As a user, I wish to see a working version so I can give feedback/suggestions for improvement on this version. This is very important for the success of the project.	<b>Contact Polycast members about...</b> - Obtain example camera script from Polycast member. - Obtain more feedback on scripting/timeline application from Polycast.	Mark Mark Mark	 Mark Mark, Bart	 2 2	 A A

People		Estimated effort (hours)				
Alex		32				
Bart		32				
Mark		32				
Martijn		32				
Menno		32
