

Sprint Plan, Iteration #7					
Group: goto fail;					
Context project: MM					
User Story	Task	Responsible for task	Task Assigned To	Estimated Effort per Person (h)	Priority (A-E) (A is highest)
User story: improve scripting application					
As a user, I wish to see the ability to more easily add information to shots	Scripting application - More information per shots: select instruments, etc, depening on feedback. - Fix styling/scaling issues with newly added elements.	Menno Mark	Menno Mark, Menno	8 4	B D
	Web application - Dynamically display all this extra information in a non-obtrusive manner.	Mark	Mark, Martijn	4	B
User story: improve web application					
As a user, I wish to see improvements to the web application, so I can better load project files, set users, etc., in a clean and easy to navigate interface.	Web application - Dynamic loading of project files on webserver - Ability to load own project files on webserver - Ability to set/store preferences per user, if necessary - Shot caller view styling - Camera presets view styling - Conform to material design guidelines - Additional JS Testing	Alex Alex Bart Mark Mark Bart Alex	Alex Alex, Menno Bart, Martijn Mark Mark, Bart Bart, Mark, Martijn Alex, Bart, Martijn, Mark	8 6 2 2 4 2 4	C D B C C E D
User story: camera preset interface					
As a user, I wish to be able to store and recall and link camera presets to shots in a nice interface.	Camera preset application - Basic application and GUI, detached from timeline view. - Fix issues with IP-camera controls and communication	Bart Martijn	Bart, Martijn, Mark Martijn	6 6	B A
User story: feedback					
As a user, I wish to see a working version so I can give feedback/suggestions for improvement on this version. This is very important for the success of the project.	Contact Polycast members about... - Obtain example camera script from Polycast member. - Obtain more feedback on scripting/timeline application from Polycast.	Mark Mark	Mark, Alex Mark, Alex	2 2	A A
	User testing - Find representable group of users - Obtain feedback from users by testing applications on them	Menno Menno	Menno, Bart Martijn Menno, Bart, Martijn	2 2	B B
User story: final report					
As a user, I wish to see a first draft of the final report, so adjustments can be made in time.	Final report - Create first draft of final report	Bart	Bart, Menno, Alex	6	A
People	Estimated effort (hours)				
Alex	28				
Bart	28				
Mark	28				
Martijn	28				
Menno	28
