

Sprint Plan, Iteration #8					
Group: goto fail;					
Context project: MM					
User Story	Task	Responsible for task	Task Assigned To	Estimated Effort per Person (h)	Priority (A-E) (A is highest)
Display, add/remove instruments.					
As a user, I wish to be able to add and remove instruments from camerashots in the timeline.	Scripting application - Display instruments information in timeline.	Mark	Mark, Menno	1	B
	- Fix scaling issues with instruments in Creation modals.	Mark	Mark	1	C
	Web application				
	- Display instruments information in timeline.	Mark	Mark	2	B
Coupling with BeNine					
As a user, I wish to be able to set and recall camera presets from the BeNine API	Coupling - Start on accessing and calling presets using API	Martijn	Martijn, Menno	3	D
in the current application.	- Start on binding (IP) cameras of BeNine API to goto fail; timelines.	Martijn	Martijn, Menno	3	D
Pairing Presets and CameraShots	Pairing				
As a user, I wish to be able to pair a preset from the BeNine API to a camera shot in the goto fail; web application.	- Start on showing information about current preset for each shot	Bart	Bart, Mark	2	E
	- Start on for adding/editing a preset for a certain shot	Bart	Bart, Mark	2	E
Automated Preset Recalling	Recalling				
As a user, I wish that the presets I set will be recalled automatically when the active count reaches a point at which this should be done.	- Start making a distinction between live/not-live	Alex	Alex, Bart	4	E
	- Start creation of recall request to BeNine API when a camera is available to go to the next preset	Alex	Alex, Martijn	2	E
Testing					
As a user, I wish to see all applications properly tested, so quality of the product is guaranteed.	Scripting application - Reach 80% test coverage (branch and line)	Menno	Menno, Bart, Mark	10	B
	Web application - Reach 80% test coverage (branch and line)	Alex	Alex, Martijn	10	B
Reports					
As a user, I wish to see all reports for this week finished, and delivered, before the deadline.	Information skills - Find 3 separate sources per member.	Everyone	Everyone	2	A
	- Final report per member.	Everyone	Everyone	2	A
	Architecture design - Deliver final version	Alex	Alex	2	A
	Project skills - Final report per member.	Everyone	Everyone	2	A
	Final report - Finish draft	Menno	Everyone	4	A
	Sig - Deliver final version	Menno	Menno	1	A
People	Estimated effort (hours)				
Alex	28				
Bart	28				
Mark	28				
Martijn	28				
Menno	28
