Sprint Retrospect, Iteration #8

Group: goto fail;

Context project: MM

User Story	Task	Responsible for task	Task Assigned To	Estimated Effort (h)	Actual Effort (h)	Done (y/n)	Pull Requests on main repo	Pull Requests on web repo
Display, add/remove instruments.								
As a user, I wish to be able to add and remove	**Scripting application**							
instruments from camerashots in the timeline.	- Display instruments information in timeline.	Mark	Mark, Menno	1	2	y	#190, #194, #205, #217, #220, #225	
	- Fix scaling issues with instruments in Creation modals.	Mark	Mark	1	2	y	#192, #193, #201	
	Web application							
	- Display instruments infromation in timeline.	Mark	Mark	2	2	y		#39, #43
Coupling with BeNine								
As a user, I wish to be able to set and recall	**Coupling**							
camera presets from the BeNine APi	- Start on accessing and calling presets using API	Martijn	Martijn, Menno	3	2	n		
in the current application.	- Start on binding (IP) cameras of BeNine API to goto fail; timelines.	Martijn	Martijn, Menno	3	2	n		
Pairing Presets and CameraShots	**Pairing**							
As a user, I wish to be able to pair a preset	- Start on showing information about current preset for each shot	Bart	Bart, Mark	2	1	n		
from the BeNine API to a camera shot in	- Start on for adding/editing a preset for a certain shot	Bart	Bart, Mark	2	1	n		
the goto fail; web application.								
Automated Preset Recalling	**Recalling**							
As a user, I wish that the presets I set will be	- Start making a distinction between live/not-live	Alex	Alex, Bart	4	0	n		
recalled automatically when the active count	- Start creation of recall request to BeNine API when a camera is availabl	Alex	Alex, Martijn	2	0	n		
reaches a point at which this should be done.	to go to the next preset							
Testing								
As a user, I wish to see all applications	**Scripting application**							
properly tested, so quality of the product	- Reach 80% test coverage (branch and line)	Menno	Menno, Bart, Mark	10	18	y	#191, #202, #203, #206, #207, #208, #209, #212, #214	
is guaranteed.	**Web application**							
	- Reach 80% test coverage (branch and line)	Alex	Alex, Martijn	10	10	y		#42
Reports								
As a user, I wish to see all reports	**Information skills**							
for this week finished, and delivered,	- Find 3 separate sources per member.	Everyone	Everyone	2	2	y		
before the deadline.	- Final report per member.	Everyone	Everyone	2	1	y		
	Architecture design							
	- Deliver final version	Alex	Alex	2	1	y	#226	
	Project skills							
	- Final report per member.	Everyone	Everyone	2	2	y		
	Final report							
	- Finish draft	Menno	Everyone	4	6	y	#213, #215, #223	
	Sig							
	- Deliver final version	Menno	Menno	1	1	y		

Main problems encountered

Problem	Description
None encountered	None encountered

Task notes

Task	Note
- All BeNine/Couping/Recalling related tasks	Not finished, can be done next week, tasks were very low priority.
- Scripting application testing 80% coverage.	So many PR's necessary because testing coverage was far from optimal.
