Sprint Retrospect, Iteration #5
Group: goto fail;
Context project: MM

User Story	Task	Responsible for task	Task Assigned To	Estimated Effort (h)	Actual Effort (h)	Done (y/n)	Pull Requests on main repo	Pull Requests on web repo
User story: GUI Styling								
As a user, I wish to see an intuitive	**Script creator GUI**	Mark						
and fast-traversable GUI for	- Better GUI for uploading and/or feedback to uploading.	Mark	Mark, Bart	2	1	Yes	#138, #144	
the timeline views, so I can	- Fix remaining scaling issues when they appear.	Mark	Mark	2	4	Yes	#139, #148	
quickly determine what shots to place.	- Add settings window, so colors (among others) can be changed.	Menno	Mark	4	4	Yes	#141	
	Timeline view GUI	Bart						
	- Header bar content and styling.	Bart	Bart, Mark	4	6	Partially		#3
	- Timeline/Grid styling.	Mark	Mark, Bart	4	6	Partially		#3, #6
	- Timetable blocks content and styling.	Bart	Bart, Mark	4	6	Partially		#3
User story: Improved application								
As a user, I wish to see improvements	**Shot auto--generation**	Alex						
to the current applications, concerning	- Generate all camera shots spanning all cameras from director timelin	Alex	Alex, Martijn	2	4	Yes	#142, #43, #149, #151	
especially the director timeline's	**Web-app**	Bart						
auto-generation, and the webapp's	- Basic real-time updating of data	Bart	Bart, Alex	6	6	Partially	#137	#6
functionality.	- Basic scrolling when count is running	Alex	Alex, Bart	4	6	Yes		#5
	- Ability to recall presets when in manual mode	Menno	Menno, Alex	4	0	No		
User story: camera control								
As a user, I wish to see the ability	**Basic camera control**	Martijn						
for the webserver to make contact with	- Establish connection between server and cameras	Martijn	Martijn, Bart	4	6	Yes		#7
and control the cameras.	- Send actual IP commands to cameras	Martijn	Martijn, Menno	6	8	Yes		#7
User story: feedback								
As a user, I wish to see a working version	**Feedback session**	Menno						
so I can give feedback/suggestions for	- Contact member of polycast for feedback session	Menno	Menno, Martijn	4	2	Partially		
improvement on this version. This is very								
important for the success of the project.								
User story: meeting/demo								
As a user, I wish to see a good	**Meeting**	Menno (product owner)						
working demo for the meeting	- Prepare all-round demo	Menno	Menno	2	0	No		
at the end of this sprint.	- Prepare script creator demo	Mark	Mark	2	0	No		
	- Prepare web-app demo	Bart	Bart	2	0	No		
User story: testing								
As a user, I wish to see improved	**Testing Scripting application controller**	Menno						
testing coverage in the scripting app,	- Controller tests	Menno	Menno, Alex, Mark, Martij	8	8	Partially	#141, #146, #150	
and a start in JS-testing for the	**Testing Web application code**	Alex						
	- javascript/node tests	Alex	Alex, Menno, Martijn	6	6	Yes	#137	#2, #4

Main problems encountered

Problem	Description
No demo preparation done.	No preparation was done for the demo, as the meeting was moved to next week.
Not enough feedback from Polycast yet.	Members from Polycast haven't responded with any feedback to our questions yet.

Adjustments for next sprint

Adjustment	Description
Bother Polycast members.	We need to make sure that we receive more feedback from Polycast soon. As such, we will start using more persistent methods of reminding Polycast members about giving us feedback.

Task notes

Task	Note
Demo preparations	Moved to next week, together with demo.
Preset recalling in manual mode	Halted for now due to vagueness of feature.
